

Meet the Team

HERE'S A QUICK SNAPSHOT OF THE PEOPLE
WHO MAKE ALL OF THE MAGIC HAPPEN:

JAMEY AND MICHELLE:

Jamey and Michelle are a dynamic husband and wife team. Jamey brought his Southern Charm to Napa from the Carolinas in 1996 and after his apprenticeship at Turley Wine Cellars (see Our Story), launched Whetstone in 2002. Coincidentally, that was the same year Michelle moved back to Napa after more than a decade away. What started as a romance transformed into a marriage and a business partnership. Between his stellar winemaking and her remarkable business sense, together they've made Whetstone what it is today!

ADDIE:

Addie started with Whetstone in the beginning of 2011 and saw us through the renovation of the chateau. She's always willing to pull up her bootstraps with a smile and words of encouragement. She continues to run all things hospitality and raises the bar everyday to ensure that when you stop into Whetstone, it is one, if not THE highlight of your trip.

LAUREN:

Addie met Lauren in early 2014 and once you've met Lauren, you'll understand why Addie snatched her. With her whimsical style and sensibility, there was no hesitation about bringing Lauren on board. She is my go-to-girl when we need to get analytical. Plus, she has an intuitive spirit and contagious warmth about her that captivates guests.

ALLI:

Alli is all things creative and design. What a pleasure it is to have a marketing talent to work with every day. If you enjoy any of our invitations, newsletters, or product infographics, Alli is the one to thank. She also runs our event program and makes every guest feel right at home. Her smile and laugh are contagious.
